## GasLog Ltd. Announces Special Dividend Of \$0.40 Per Common Share And Authorization Of A Share Repurchase Program

Monaco, November 28, 2018 - GasLog Ltd. (“GasLog” or the “Company”) (NYSE:GLOG) is pleased to announce that its Board of Directors (the “Board”) has approved the payment of a special dividend. In addition, the Board has authorized the Company to establish a share repurchase program.

- Payment of a special dividend in the amount of \$0.40 per common share, payable on December 17, 2018 to shareholders of record on December 10, 2018
- Authorization of a share repurchase program of up to \$50 million covering the period January 1, 2019 to December 31, 2021

In approving the special dividend, the Board considered GasLog’s liquidity following recent financing and corporate transactions by and with GasLog Partners LP, forecast debt amortization and capex commitments. The Board believes that the LNG shipping market is in the early stages of a multi-year upcycle underpinned by positive LNG supply and demand fundamentals.

Paul Wogan, Chief Executive Officer of GasLog, stated, “The payment of the special dividend and the authorization of a share repurchase program enables the Company to deliver on the prospect of enhanced shareholder returns communicated at our Investor Day in April and reiterated at our recent quarterly results. The special dividend underscores our positive outlook for LNG shipping markets and rewards shareholders for their trust in the GasLog investment case. Continued execution of our strategy against a strong market backdrop is expected to deliver the financial capacity to fund charter-backed fleet growth and to consider the scope for further special dividends and share repurchases”.

We undertake no obligation to update or revise any forward-looking statements contained in this press release, whether as a result of new information, future events, a change in our views or expectations or otherwise, except as required by applicable law. New factors emerge from time to time, and it is not possible for us to predict all of these factors. Further, we cannot assess the impact of each such factor on our business or the extent to which any factor, or combination of factors, may cause actual results to be materially different from those contained in any forward-looking statement.
